MAIDENS.

A maiden at Rawlins, Wyoming. By the window her hair she stood combing.
"Golly, Mike, ain't she sweet?"
And she was, standing there in the gloaming.
—Dix Merritt, in Nashville Banner.
A maiden in Springfield, Missouri. When asked could she serve on a jury, And be just to each side,
Bobbed her head and replied:
"I could ladle out justice like fury."
—Judd M. Lewis, in Houston Post.
A maiden who lives in Shemango. Though she'd take a wee fling at the tango,
When she flew in the air
And lost all her back hair,
She said, "Goodness, where did my bang go?"
—C. A. Leady, in Youngstown Telegram.
A maiden in Galveston, Texas. Said: "If Mexico aims to annex us,
We'll have to talk Spanish.
Our slang will all vanish,
That's sure 'n' will certainly vex us."
—Rody McPhee, in Springfield Union.
A maiden in Sequatchie. Whose home is rather hotchy,
Saying a great big bug
Mashed it flat on the rug,
Cried, "Ah, now I've got ye!"

Osborn is often spoken of as preaching mighty good sermons, and besides that is a pleasant, friendly gentleman.

The five children of Abner Thornton were taken to the Volunteers of America, a charitable institution in Chattanooga, yesterday. Mr. Thornton has been sick and unable to work for the past six months or more, and reluctantly consented to part with them that they might be better taken care of. The children are three boys and two girls and their ages range from four to thirteen years. Their mother, who was Miss Lucy Hammock before her marriage, died some three years ago. Mrs. Wm. Lee, Mrs. E. S. Haynes, Mrs. Edwin Pryor, Mrs. Will Pryor and Mrs. Wm. Martin spent Tuesday sewing and getting them ready to make the trip.

Today is the big day at the lock and dam when it will be formally opened. Born to Mr. and Mrs. Jim Barrett Tuesday evening a girl, weighing 13 lbs.

Dan Pitman, of Caroline Chapel, was here yesterday morning after "headache medicine," which with him signifies good nice groceries. He took occasion to hand us a half dollar to keep the News coming another year.

Preparations are being made by the Sequatchie Public School to give a nice entertainment at the close of the school. Prof. Sadler and Misses Harris and Lasater, the teachers, will spare no efforts to train the children and make it a success.

FRIDAYS and SATURDAYS

are the only days that we will grind corn or feed hereafter. There is very little in the business, anyway, and we cannot afford to have a man all the week at the mill to grind when anybody chances to turn up. We would like to grind every day if there was business enough, but there is not enough for the entire week, so hereafter Fridays and Saturdays will be milling days when Mr. Chadwick will be in charge. If we cannot get custom on those days, we will be forced to shut down the mill. Would like to sell to anyone who can do better than this.

BIG TURNIP RAISED BY MARION CO FARMER.

C. A. Pryor, a prominent and very successful farmer of this place, is exhibiting this week a mammoth turnip which weighs eight pounds three ounces. It measures in circumference 22 inches. Pryor has been telling some of his friends that he had a turnip growing that was nearly two feet around, and they didn't believe it, but he seems to have beat them in the game. Mr. Pryor has a considerable piece of land in turnips this year, and the crop is turning out splendidly. He bundles the turnips with their tops in attractive style and meets an easy sale for them, realizing about \$1.00 per bushel, which is the highest price for turnips recorded in this valley. He sells a great many at South Pittsburg, and took the big turnip with him to that place Tuesday to startle the natives down there.

PERSONAL MENTION

Dave and Charlie Holloway, of Whitwell, shipped two car loads of cattle Friday, as did A. T. Ponder and Byron Hudson. Dunlap has become the best cattle shipping point in the valley. Nearly all in the lower part of the valley come here to ship their cattle in order to get rates—Dunlap Tribune.

O. W. Monroe and family are arranging to go to Los Angeles, California within a few days weeks to make their future home. Before leaving for the west they will visit the parents of Mrs. Monroe, at Whitwell. They will sell all their household goods and residence, if possible, before leaving. Mr. Monroe is a capable civil engineer and has an opening awaiting him on his arrival in the Golden Gate state. They are excellent people and many here will very much regret to have them go away, but will wish them abundant prosperity in their new home. Mr. Monroe has relatives in Los Angeles who will be of much assistance to them in getting located.—Crossville Chronicle.

One on Him.

"I have found a good way to catch rabbits," said a "smart" senior in class one day.

"Tell it to me," said the professor. "Crouch down behind a stone wall and make a noise like a turnip," said the youth with a chuckle.

"A better way than that," came the professor's quick retort, "would be for you to go and sit in a bed of cabbage heads and look natural."—New York Globe.
